Dear Messrs. Evans and Denton:

The U.S. Environmental Protection Agency has determined that Collis, Inc. (Collis) has satisfactorily met all of the requirements of the Resource Conservation and Recovery Act (RCRA) Section 3008(a), Consent Agreement and Final Order, issued on March 27, 2013, Docket No.: RCRA-07-2012-0014. In accordance with Paragraph 18 of the Final Order, this letter provides written notice to Collis that it has fully implemented all actions required by the Order.

The issuance of this Notice does not affect the continuing obligation of Collis, Inc. to comply with RCRA and all applicable Federal and State regulations, including but not limited to the federal regulations found at Title 40 Code of Federal Regulations (CFR) Parts 260 through 279. In addition, the result of the EPA's termination of this Order does not influence Collis' continuing obligations under the existing RCRA Section 3008(h) Administrative Order on Consent (EPA Docket No.: VII-94-H-0001), which addresses RCRA corrective action at Respondent's facility.
